

## List of Emblems

Here is a list of our emblems divided into categories. The emblems can be placed anywhere on any plate (as long as they fit) and leaves etc can be added to any arrangement. The emblems can be painted in any colour, but will be painted as in the catalogue unless we are instructed otherwise. Not all emblems will fit onto every plate - the arrangements shown here can be used as a guide to show what can fit onto our smaller plate shapes. If we haven't got the emblem that you want we can make new ones from your suggestions (this may involve an extra cost depending on what is required). The plate numbers correspond to those in the catalogue section.

<b>Description</b>	<b>Plate number</b>
